FACTS IN NATURE.

Not Only Do We Get Inspiration From Nature, But Health as Well.

For people who are run-down and nervous, who suffer from indigestion or dyspepsia, headache, biliousness, or torpid liver, coated tongue with bitter taste in the morning and poor appetite, it becomes necessary to turn to some tonic or strengthener which will assist Nature and help them to get on their feet and put the body into its proper condition. It is becoming more and more apparent that Nature's most valuable health-giving agents are to be found in forest plants and roots.

Nearly forty years ago, Dr. R. V. Pierce, now consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., discovered that by scientifically extracting and combining certain medicinal principles from native roots, taken from our American forests, he could produce a medicine which was marvelously efficient in curing cases of blood disorder and liver and stomach trouble as well as many other chronic, or lingering ailments. This concentrated extract of Nature's vitality he named "Golden Medical Discovery." It purifies the blood by putting the stomach and liver into healthy condition, thereby helping the digestion and assimilation of food which feeds the blood. Thereby it cures weak stomach, indigestion, torpid liver, or biliousness, and kindred derangements.

If you have coated tongue, with bitter or bad taste in the morning, frequent headaches, feel weak, easily tired, stitches or pain in side, back gives out easily and aches, belching of gas, constipation, or irregular bowels, feel flashes of heat alternating with chilly sensations or kindred symptoms, they point to derangement of your stomach, liver and kidneys, which the "Golden Medical Discovery" will correct more speedily and permanently than any other known agent. Contains no alcohol or habit-forming drugs. All its ingredients printed in plain English on wrapper.

The sole motive for substitution is to permit the dealer to make a little more profit. He gains; you lose. Accept no substitute for "Golden Medical Discovery."

Constipation causes and aggravates many serious diseases. It is thoroughly cured by Dr. Pierce's Pleasant Pellets. One a laxative; two or three are cathartic.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds: it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these Nerves—re-establish them as needed, with

Dr. Shoop's Restorative

Catholic Hierarchy Conference.

An earnest appeal that the contribution of the faithful to "Peter's pence," intended for the support of the Vatican, be as large as possible, was determined upon at yesterday's conference of the Catholic hierarchy of the United States in session at the Catholic University, Washington. It was declared that the troubles and dissensions in France had cut off a large part of the papal revenues, and that on this account there was especial need of generosity in giving.

At the same time, the archbishops characterized as "exaggerated and absurd" the stories that have been printed to the effect that the Vatican had "demanded" $1,000,000 from the Catholics of this country. No demand of this kind, it was declared, had been made. An explanation of the exact facts, it was said, would be embodied in a circular letter to the bishops of the diocese.

The letter will include also the appeal for funds.

One of the important matters considered was that looking to a more accurate enumeration by the United States Census Bureau of the Catholic population of the country. A number of letters were read, and a committee, consisting of Archbishops Ireland, Keane, Messner, and Glennon, was appointed, who will act in conjunction with the Census Office to secure a more accurate estimate of the Catholics in this country.

A letter was read from Cardinal Richard, of Paris, expressing his gratitude for the letter of sympathy sent to him by the American hierarchy.

A dinner in honor of the archbishops was given at the papal legation last night by the papal delegate, Mgr. Falconio. The guests included the Austrian Ambassador, Esme Howard, counselor of the British Embassy, and others.

The Alaska Packers Association furnish the government hundreds of thousands of cases of Salmon a year. Out of 240,000 cans examined by the government at Camp Thomas only four defective cans were found. This firm packs the Argo Red Salmon.

Favrot Released.

The grand jury of East Baton Rouge parish, La., after hearing all the witnesses in the case yesterday, failed to return a bill against Hon. George K. Favrot, member of Congress for the Sixth district of Louisiana, charged with the murder of Dr. R. H. Aldrich. Mr. Favrot, who has been in jail since the killing of Aldrich, which occurred November 7, the day after his election to Congress, was at once released. The killing of Aldrich was a sensational one, which at the time attracted general attention throughout the country as being a direct appeal to the higher law. The two men, Favrot and Aldrich, had been close friends from boyhood. After the killing of Aldrich it was found that he was armed at the time and that he had been warned of Favrot's intention to kill him. At first Favrot refused to talk beyond saying that he had killed his friend for good and sufficient reasons. Later it was published that he had killed Aldrich for foul and slanderous statements made against Favrot's wife in the presence of several friends. It developed that Aldrich had tried to see a friend to intercede in the matter, but had been unable to do so, and met Favrot before an explanation could be made, with the result of the shooting and his death.

Does Coffee disagree with you? Probably it does! Then try Dr. Shoop's Health Coffee. "Health Coffee" is a clever combination of parched cereals and nuts. Not a grain of real Coffee, remember, in Dr. Shoop's Health Coffee, yet its flavor and taste matches closely old Java and Mocha Coffee. If your stomach, heart or kidneys can't stand Coffee drinking, try Health Coffee. It is wholesome, nourishing, and satisfying. It's nice even for the youngest child. Sold by E. S. Leadbeater & Sons, druggists.

Threatened Strike of Telegraphers.

It is known positively that President Samuel A. Gompers, of the American Federation of Labor, left Washington late Wednesday night for New York to be on the ground and to aid S. J. Small, international president of the Commercial Telegraphers' Union, who has been in New York for several days. This is taken to mean that the American Federation of Labor will give the telegraphers its full support. The exact nature of the union's grievance is not given.

There is now said to be imminent danger of one of the most far-reaching labor strikes ever brought about in the United States being declared in the near future. The Commercial Telegraphers' Union of America, comprising 25,000 members, out of a total of 40,000 telegraphers in the United States, are marshaling their forces under the aid and direction of the American Federation of Labor to meet the Western Union and Postal Telegraph companies, which are said to be equally aggressive. Such a strike, which would be made effective in every city and town of any consequence in the country, would effectually tie up and cripple all business interests until adjusted.

Out of Sight.

"Out of sight, out of mind," is an old saying which applies with special force to a sore, burn or wound that's been treated with Bucklin's Arnica Salve. It's out of sight, out of mind and out of existence. Piles too and chilblains disappear under its healing influence. Guaranteed by E. S. Leadbeater & Sons, Druggists. 25c.

Looking to the United States.

The Berlin Post, editorially elaborating the view lately set forth by several German publicists, contends that Germany's interests would be best served if the naval power of the United States remains intact. It says that if Japan crippled the American navy in a war, for which the United States is not prepared, Great Britain would not consider the world's peace or civilization, but would imperatively demand the destruction of the German fleet.

It is solely through fear of America that England has hitherto refrained from putting this laudable design into execution. It is well known and fully appreciated in the United States that the German fleet is of decisive importance to that country.

The paper says, in conclusion: "Let a dual alliance between Germany and America be opposed by the dual alliance between England and Japan, and the world's peace will be assured without The Hague conference."

The Post's article is called forth by the anxiety of it and other conservative papers concerning Great Britain's "alliance mania," which, they say, is directed at the isolation of Germany. King Edward's visit to Cartagena has oiled the flame. His restless occupation at the present moment, says the Reichsbote threatens the peace of Europe.

Mr. Bryan

William Jennings Bryan, who will speak to the students of the University on the evening of Saturday (Founders' Day) will be greeted by a crowded house. Seats will be reserved in Cabell Hall for 800 students. Mr. Bryan, accompanied by his daughter, Miss Ruth, will reach Charlottesville at 2 p. m. from Culpeper, and will be the guest of Dr. Charles W. Kent, on the lawn. Mr. Bryan will be introduced by Judge Duke. His subject will be "Thomas Jefferson." He will leave at midnight for Washington.

Not a seat remains for the Y. M. C. A. meeting for men to be held at the National Theatre, in Washington, on Sunday, when William Jennings Bryan will deliver an address. The entire house was taken before 3 o'clock Wednesday.

Many sufferers from nasal catarrh say they get splendid results by using an atomizer for their benefit we prepare Ely's Liquid Cream Balm. Alexandria Gazette AND VIRGINIA ADVERTISER

FRIDAY EVENING, APRIL 12, 1907.

THE anti-Roosevelt movement that has spread to Ohio, Pennsylvania and New York through the co-operation of Messrs Foraker, Penrose and Harriman was launched in Maryland yesterday in a most significant interview with Henry H. Rogers, Standard Oil magnate and Wall street power. It is also significant that the utterances of the latest of the anti-Roosevelt guerillas to come into the open should appear as an interview in the Manufacturer' Record.

"Continued agitation," declares Mr. Rogers, "the people will see unsettles conditions. "The people must see that settled conditions are necessary for progress and development. I believe that the sentiment of the country will have so crystalized within a few months that there will be a practically united demand for the strongest conservatism in the conduct of the government. We must have settled conditions, and I believe we will have them."

The interview follows closely the lines of the recent anti-Roosevelt speeches in Philadelphia, in that the President is nowhere named except by inference Mr. Rogers, whose associates were among those who were, before the recent panic in Wall street, predicting a dire fate for the country's prosperity, believes good times will continue. He says:

"There is more wealth in the country today than ever before known. Conditions, requirements and methods of carrying on all kinds of business, including farming, have so changed in recent years that general stagnation is almost impossible today. The people throughout the country will seek to invest their surplus funds in bonds and other securities and they will demand that conditions exist whereby these investments will not be subject to disturbing influences, and that important development enterprises are not hampered by unnecessary and continued agitation."

Mr. Rogers, in the course of the remarkable interview, declares there has been a partnership between petroleum and Providence in the production of modern civilization. Here are some of his most striking assertion:

"I am a great believer in Providence. Petroleum, outside of the Christian religion, has been the greatest civilizer humanity has known. I believe in providential happenings in all the affairs of men. Providence is on the side of this country and everything will work out all right."

THE MANY friends throughout the south of Governor Glenn, of North Carolina, will be glad to learn that he has promptly repudiated the speech attributed to him at Pinehurst, on Tuesday, during the educational convention. Governor Glenn returned to Raleigh on Wednesday from Pinehurst, and concerning the statement published that he had said that he "considered President Roosevelt the greatest ruler the world has ever known," said:

In the course of my remarks at Pinehurst I said that I regarded the President of the United States — whether democratic or republican—as the greatest ruler in the world, and I did not refer to Mr. Roosevelt or any President by name, as I was speaking not of an individual but of the power and greatness of the position.

In this connection, Governor Glenn recalled other addresses. "I have made in these the same reference to the President of the United States as being the greatest ruler in the world," he said.

THE National Forestry Service has made public its estimate of the annual production of lumber in this country at 100,000,000 cords, valued at $1,200,000,000. The State of Washington ranks first with an output of 4,000,000,000 feet and next in order comes Wisconsin, Louisiana, Minnesota, Michigan, Arkansas, Pennsylvania, Mississippi, Oregon, North Carolina, California, Texas, Alabama, Maine, Virginia, Georgia, West Virginia, Florida, New York, Tennessee, South Carolina, Kentucky, Missouri, Indiana, New Hampshire, Ohio, Vermont, Massachusetts, Idaho, Montana, Maryland, Iowa, and Illinois. It would seem probable that with the vast consumption of wood and the little attention that is being paid to forestry that the forests of this country would soon entirely disappear.

FRIENDS of Foraker believe that Mr. Roosevelt is not sincerely backing Taft, but wants the presidential nomination himself. If Senator Foraker is as slow in getting there as are his friends in reaching a conclusion he will never be president.

THE Pennsylvania House of Representatives yesterday passed a bill to tax anthracite coal. Should the measure become a law the consumer will pay the tax and much more.

Washington, April 12.

One result of the Roosevelt-Harriman controversy over contributions for the 1904 campaign will be a meeting of the national publicity bill organization in New York city next Tuesday. William Jennings Bryan, Samuel Gompers, of the American Federation of Labor and Representative Samuel McCall, of Massachusetts, will deliver the principal addresses on the need of publicity to prevent improper campaign contributions. There are 450 members of the organization. Every State is represented and the membership includes governors, presidents of universities and colleges, leaders in the organized labor movement, and prominent democratic and republican statesmen. Among the distinguished men who are members are Grover Cleveland, Alton B. Parker, Gov. Hughes, of New York, Samuel Gompers, William Jennings Bryan, Former Senator Chandler, Senator Rayner, President Schurman, of Cornell University; Oscar Straus, Secretary of Commerce and Labor; Henry Watterson, Gov. Warfield, John Wanamaker, David R. Francis, of Missouri; former Governor Pennypacker, Andrew Carnegie, Herman Ridder, Hoke Smith, Governor Swanson, of Va., Gov. Cummins, Judson E. Hermon, and Gov. Higgins, of Rhode Island. Chairman Perry Belmont of the organization, issuing the call for the meeting at the request of the governing committee, said: "Recently developments and the experiences of the last State elections prove that a national publicity law is necessary to supplement the effectiveness of such publicity laws as have already been enacted in many of the States. The organization, which is non-partisan proposes to continue its efforts to secure the adoption of such a national law.

Attorney General Bonaparte today concluded the argument before the U. S. Supreme Court in the case testing the constitutionality of the employers' liability act passed by Congress last June. He devoted himself to two points. The first was whether it was sought in this law to regulate something else then interstate commerce. And second whether the act regulated interstate commerce. The Attorney General urged that the railroads sought to avoid Federal legislation by arguing that the States had exclusive control of employers liabilities and to avoid State laws by saying Congress had jurisdiction, as if they constituted a law unto themselves. All the law sought to do was to grant the same protection to employes as is granted to passengers and stock that may wander on the track.

President Roosevelt will make an address late this afternoon at the unveiling of a monument in Arlington Cemetery to the memory of the Rough Riders who fell in the Spanish war or who have died since that struggle closed. Members of the Diplomatic Corps will be present on behalf of their respective governments, every branch of the military service of the United States will be represented, and all the patiotic societies will send committees. The ceremonies will be in charges of the Rough Riders' National Monument Society of which Mrs. Lillian Capron, widow of Capt. Allan K. Capron, who was killed in battle during the Spanish war, is president. Rev. Dr. Stafford will deliver the oration of the day, and Rev. H. A. Brown, who was a chaplain with the rough riders in Cuba, will pronounce the invocation. The monument is a handsome shaft of dark Vermont granite, fifteen feet high, and is an exact duplicate of the one erected upon the battle field at Las Guasimas, Cuba, where the rough rider heroes fought and fell. A large bronze tablet upon one side of the shaft bears the inscription, "In memory of the deceased members of the first United States Volunteer Cavalry, Spanish-American War. Erected by the members and friends of the regiment." The name of each comrade of the regiment will be inscribed upon the shaft after his death.

The personnel of the delegates who will represent the United States at The Hague peace conference was announced today at the State Department as follows: Joseph H. Choate, Gen. Horace Porter, U. M. Rose, of Arkansas; David Jayne Hill, American minister to the Netherlands; Brig. Gen. Geo. B. Davis, Rear Admiral Chas. S. Sperry and Wm. I. Buchanan. The secretary to the delegation will be Chandler Hale, of Maine, son of Senator Hale. The delegates will sail from New York for The Hague about June 15.

The sentenced of dismissal given by the court martial which recently tried Paymaster Wallace Irwin, of the Navy, at the Mare Island, Calif., navy yard on serious charges, has been mitigated by the President to a reduction of 15 numbers in grade. The case was acted on by the President today and, because of the young officers past good record he will be allowed to remain in the navy.

The Willard Hotel Company has leased the Occidental Hotel adjoining and will connect the two buildings.

Co-operation between the navy of the United States, and the forces of the coast artillery, has been urgently recommended by the joint army and navy board, of which Admiral George Dewey is the president. Acting on this recommendation the secretaries of war and the navy have directed that every facilities be offered by their respective services to the officers of the other service who may desire to witness their target practice.

Mrs. Ida Von Claussen, who says she can't get redress from the President, has gone to New York, but she says she is going to keep on talking.

Church Congress

At last night's session in New Orleans of the American Church Congress of the Protestant Episcopal Church there was a discussion on the moral strain in "Social and Commercial Life."

Rev. H. C. Garrett, of St. Louis, said that the question of regulating corporate wealth was the first source of strained conditions and the second was the widespread departure from "the simple to the artificial mode of living."

Speaking on corporate wealth he said: "It is a remarkable fact that nearly 8,000,000 families in this country average in holdings a little less than $500 each, while not over 200,000 families possess one-half the entire wealth of the entire country. Out of the total annual income of the nation one-half goes to one-tenth of the people. The other half is divided among the remaining nine-tenths."

Fairfax Democrats.

The county democratic committee will hold a meeting at an early day and fix a date for the primary to nominate a candidate for the Legislature and county and district officers. It is generally believed that the primary will be held on the same day as the congressional primary, although the call for the latter specifies that it "shall be a separate primary and not held in connection with any other primary."—[Herald.

It is supposed the attack was made on account of a legal action in which the lawyer was interested and which had gone against Andrews.

A state of excitement somewhat akin to terror exists at Pinner's Point and another suburb of Portsmouth as a result of frequent assaults, highway robbery and setting fire to buildings. On Wednesday night two futile efforts were made to start fires that might have been particularly disastrous. Rags saturated with oil had been placed beside the buildings ignited. J. C. Apperson, an aged Justice of the Peace, from Mathews county, was recently murderously assaulted and robbed at Pinner's Point while going to visit at the home of his son. He was knocked senseless by his assailants and upward of $150 was taken from him.

Baseball.

The opening baseball game of the National League championship in New York yesterday afternoon went along smoothly for eight innings, and then wound up in a howling farce. The score was 3 to 0 in favor of Philadelphia at the end of the eighth inning, which, on account of the crowd overruning the field, was as far as the contest proceeded.

The following are the results of yesterday's games.

National League—Philadelphia, 9; New York, 0 (forfeited); Chicago, 6; St. Louis, 1; Cincinnati, 4; Pittsburg, 3; Boston-Brooklyn (no game, rain).

THE THAW CASE.

Harry K. Thaw's hope of acquittal of the murder of Stanford White turned to deepest gloom, and then frenzy, last night, for the jury was locked up again at 11:40 o'clock after a night and day's effort to reach a verdict.

In his cell, as the hours passed, Thaw became more and more excited. He paced madly to and fro, and suffered a severe nervous attack.

Twice the jurors had filed into court to ask that evidence be read to refresh their memories. The second time Thaw, when he was taken in, was so confident he would be free that he had with him a bundle of his belongings.

Outside there awaited an automobile to whisk him uptown to his mother's hotel.

All these preparations had their end in pathethic disappointment. When the jury retired after its second visit to the courtroom no more was heard of its deliberations. The twelve men had dinner at their hotel, while Thaw ate in his cell, and his mother and wife, their hope, too, fading away, had a bit of lunch, for which they had little appetite, in the Criminal Courts building.

Finally, when it was evident no verdict would be reached, the jurors were locked up and Justice Fitzgerald went home to return to court at 10:30 o'clock this morning.

The Carnegie Institute.

The formal rededication exercises of the enlarged Carnegie Institute of Pittsburg, valued at $6,000,000 and one of the most beautiful and complete institutes of its kind in the world, were brought to a close for the day, yesterday, with the announcement of the prizewinners in the international art exhibition.

The ceremonies while elaborate, were marked with extreme simplicity. Addresses of international importance were delivered by his Excellency Theodor von Moeller, Minister of State, Germany; Paul Doumer, ex-Speaker of the Chamber of Deputies, Paris; Andrew Carnegie, Baron d'Estournells de Constant, member of the Senate, Paris; and Dr. John Rhys, principal of Jesus College University of Oxford. Rev. Dr. E. S. Roberts, vice-chancellor of the University of Cambridge, England, delivered the invocation.

A lengthy letter of regret from President Roosevelt was read by the secretary of the institute. In his letter the President praised Mr. Carnegie for the great gift to science and education.

Last night the foreign and American guests attended a concert given in their honor by the Pittsburg orchestra, directed by Mr. Emil Paur.

Some wonders of the institution are: It covers four acres—one-half acre more than the Capitol at Washington. It has 16 acres of floor space.

It contains 6,600 tons of marble, which alone cost $750,000, including 16 different foreign varieties.

It has 25,000 electric lights and 200 miles of wiring—regulated by the largest switchboard in the world.

The library bookstack, 11 stories, has a capacity of 800,000 volumes; the library entire 1,500,000 volumes.

The art galleries cover 44,700 square fee'; the floor space of the museum is 104,000 square feet.

It has more Greek Pentelic marble and more Tinos green marble than any other building in the United States.

Original library for Allegheny City, 1889, $280,000; original library for Pittsburg, 1890-95, $1,100,000; endowment announced at the time of dedication, 1895, $1,000,000; additional endowment a year later, $1,000,000; cost of addition to library and institute, just completed, $5,000,000; amount appropriated for technical school buildings and equipment, $1,500,000; endowment thus far given technical schools, $2,000,000; additional amount promised technical schools, $6,500,000; additional gifts to Carnegie Institute and other institutions, including branch libraries, $5,000,000; total, $23,380,000.

Captain Lake.

The Baltimore American in a recent issue published a picture of Capt. O. H. Lake, Commander of Gen. Felix Agnus Garrison, No 42, and said:

Capt. Oden H. Lake, commander of General Felix Agnus Garrison, Army and Navy Union, was formerly aid-de camp to National Commander Browne. Captain Lake is a Virginian by birth. He was born May 11, 1876 and is the son of Capt. Thomas W. Lake, a Confederate officer in the Forty-third Battalion of Virginia Cavalry, commanded by Colonel Mosby. In 1896 he started his military career, becoming a member of Troop E, Sixth United States Cavalry. He is an expert horseman and bareback rider. Captain Lake served through the Spanish-American war. He was in the Philippine insurrection and the Boxer uprising in China, serving with distinction. He was mustered out of the service on May 14, 1899, at Fort Sill, O. T. Returning to civil life, he took up his residence at Washington, D. C. There he became popular in both military and semimilitary circles.

Captain Lake organized and commanded the Capital City Troop of Cavalry, composed of ex-regulars (cavalrymen only). He later commanded Company F, First Regiment.

Capt. Lake was one of the most earnest workers of the Army and Navy Union.

He was transferred from Col. Theodore Roosevelt Garrison, No. 74, of Washington, to Gen. Felix Agnus Garrison, No. 42, of Baltimore. He has been a resident of Baltimore since July 18, living at 105 north Carey street. Captain Lake is looked upon by his many comrades as an excellent commander. His manly principles and military bearing are of excellent character.

A friend in sending the above to this office writes:

"Capt. Lake is one of Loudoun county's able sons who represented her during the Spanish-American war. A son that she should fairly be proud of one of the commanders of one of the largest veterans organizations of our land. Capt. Lake's family dates back to the revolutionary war. Many of the family were with Washington during the service of '76. He gets his love for a soldier life handed down to him from the former generations. Capt. Lake has a brother, Robt. Howard Lake, an officer in the U. S. navy at the present time on the U. S. ship Arkansas at Norfolk, Va. He stands high in the estimation of his fellow officers. Capt. O. H. Lake, is well thought of in Baltimore.

Today's Telegraphic News

Judge Crump Resigned.

[Special Dispatch to the Alexandria Gazette.]

Richmond, Va., April 12.—Judge Beverly T. Crump today handed to Gov. Swanson his resignation as member of the Corporation Commission. Both Judge Crump and the Governor declined to make public the letter of resignation.

STILL WAITING FOR THE VERDICT.

New York, April 12.—The Thaw jury went out to breakfast at 7:50 this morning. The jurors who have been in continuous session for almost 36 hours, looked haggard and distressed as they left the building.

The jurors had continued their deliberations until an early hour this morning before the lights in the jury room were turned out, and they arranged to take what little repose was possible on the hard chairs in the jury room.

All kinds of rumors as to how the jury stands were afloat last night and quickly renewed today. They varied from a report that they stood 11 for conviction of a minor degree crime to one for acquittal to the rumor that nine were standing out for acquittal and three for a manslaughter degree.

Thaw passed a comparatively sleepless night in the Tombs. He read a book for two hours until the jurors were locked up. He finally retired, but tumbled on his bed. He was up shortly after daylight today. His "nerve" was stronger with the return of daylight. His relatives, confined almost as closely in the Lorraine Hotel as he is in the Tombs, fared little better. Evelyn Thaw has scarcely closed her eyes since the case went to the jury. The elder Mrs. Thaw is a more courageous woman but she, too, has suffered torments while waiting for the jury to report. Thaw's sisters and brothers have not escaped and show the marks of their care and worry.

The same interest in Thaw's fate which has been manifested by New Yorkers since the jury went out was shown today. Hundreds of people had gathered about the court house before eight o'clock, and as the day grew older the crowds increased.

According to the Tombs officials who have kept a record of all mail matter sent to Thaw, since he was taken to the Tombs, the prisoner has received 7,069 pieces of mail. Three hundred of these were sent to him on St. Patrick's day containing shamrocks and wishing him luck.

Estimates made today as to the expense of the trial of Harry K. Thaw attracted nearly as much attention as did the probable outcome of the long hearing. Apparently authentic estimates indicate that the trial to date has cost considerably over $200,000. Of this sum it is estimated probably $285,000 has been spent by the Thaw family, while the expense to the State has been in the neighborhood of $80,000 Thaw's alienists, it is said, have cost him $50,000 and his attorneys $145,000.

It is said that the State's attorneys have practically given up hope of securing a conviction on a charge of first degree murder, but that Jerome expects the jury to deal some sort of punishment to the prisoner if only to subdue his "exaggerated ego."

After the opening of the court this morning, which caused a little flurry for a few minutes, the crowd inside settled down to continue its long wait until there should be some word from the jury.

Thaw had been brought over to the courthouse after Justice Fitzgerald arrived and waited with ill-concealed impatience in the prisoners pen. Evelyn visited him there for a while and then returned to the judge's chambers with the remainder of the family.

A statement in Harry Thaw's name was given out this morning from the prison pen in the courthouse. He prefaced it by announcing that it was the only statement given out by him today. The statement reads:

"I wish the jury and every one else to understand that no one despises a person who carries concealed weapons more than I. Only after my life was in jeopardy, as I was informed by persons and as was communicated to me by professional detectives, did I protect myself. Then I employed Pinkertons, and they could neither prove these attempts, so I could invoke the protection of the law, or disprove them, so I could safely continue defenceless. When doubting my own judgment, I consulted an ex chief of police, a man respected in his community, and he advised me that it was my duty to protest myself. In this trial I wished my case solely and simply based upon the law of the State and upon the evidence which had convinced not only me, as I reviewed and inquired into all this evidence, but also the District Attorney, that I am innocent under the written law of the State."

The court took a recess until 2 o'clock.

No verdict had been rendered at four o'clock this evening.

Dan O'Reilly, one of the attorneys, was responsible for a "joke" which enlivened the trying wait of the morning for a few moments. O'Reilly burst into Ponon's restaurant, where Hartridge, Peabody, and others of the Thaw forces, were eating luncheon and shouted, "The jury has come in." Instantly the restaurant was deserted and the lawyers with a crowd following them started on a run for the court house. Not until they reported the doors of the court room was the "joke" explained. Incidentally the affair caused a stampede through the court house. Word that the jury was coming in was flashed to nearly every newspaper and the message was even sent out on the wires. Until the real nature of the affair was explained, there was the greatest commotion.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Revolutions Predicted.

New Orleans, April 12.—A revolution in both Salvador and Guatemala in the immediate future is predicted by travelers from those countries who have just arrived here. The revolutionists they say, are being instigated by President Zelaya, of Nicaragua, who has just defeated Honduras in their brief war. Zelaya is said to have promised armed assistance to the revolutionists, and it is predicted the uprisings will seriously threaten the ruling powers of the two countries. A conference held at Corinto, which Zelaya is supposed to have attended, is said to have selected Dr. Prudenio Alfare, of Salvador, and General Salvador Toledo, of Guatemala, to lead the revolutions. By overthrowing the presidents of Salvador and Guatemala, and establishing his revolutionary allies in their places, Zelaya hopes to accomplish his ambition to establish a Central American confederacy of which Nicaragua will be the head.

Ready to Answer Charges.

San Francisco, April 12.—Patrick Calhoun, President of the United Railroads Company, who arrived here from New York a few days ago, because of the reports in circulation that he was about to be indicted for alleged bribery in connection with the franchise of his company, which was secured shortly after the fire last April, declared today that not a cent of money had been improperly paid by his company to any city official. He also denounced in most bitter terms of the persons responsible for the present attack on the company. He intimated that if the grand jury wanted him he would be on hand and ready to face any charges that might be brought against him or his company. Attorneys representing the United Railroads Company have begun steps to prevent the annulment of the privileges granted the company. The grand jury is still at work.

House Dynamited.

New York, April 12.—After a temporary lull in the Black Hand outrages the organized band of blackmailers got in their work today when they set off a bomb on the front balcony of the home of Albino Disso a prosperous Italian who keeps a little pool room in the down town Italian quarter. The front of the house was almost demolished, every window in the house being shattered and a panic was started in the neighborhood.

A riot was imminent for the neighbors hearing the explosion knew what had happened and came forth with their revolvers determined to use them upon some one, the police reserves, however, restored order. Disso and his family, for whom the bomb was intended, were not injured, as they were in the rear of the house. The Italian has been receiving threatening letters of late and thought the Camorra was only bluffing.

Endeavoring to Save Baby's Life.

New York, April 12.—Doctors and nurses at Bellevue Hospital are fighting today to give every chance of life to a lusty baby girl born in the hospital last night ten minutes after her mother had died. The physicians believe there is a good chance for the infant to live. The child was brought into the world by an operation after the mother had died as the result of another operation It was a great surprise to the surgeons to find how much life there was in the infant. Mrs. Mary McKenzie, the mother, had been in the hospital since March 12. It was decided that only an operation could save her life, but it failed. Knowing the child's life might depend on seconds, the surgeon worked with the greatest haste. Ten minutes after the mother's death the girl was crying in a nurse's arms and was quickly hurried to the incubator ward.

Kicks Wife at Whist.

Worcester, Mass., April 12.—Chief Justice Aiken, in the divorce court here yesterday, granted a decree to Velaria L. Huckins, of Oxford, from Lyman Huckins for cruelty and abusive treatment. Mrs. Huckins testified that she and her husband had lived very happily together for twenty-five years, and that at a whist game, just because she dropped a card, her husband kicked her. Constable A. J. Moon said he was a player at the same game and saw the kick, which was a vicious one. A son of the pair corroborated his mother's testimony. The decree was then ordered.

Baseball.

Boston, April 12.—The sun which appeared yesterday for the first time in four days had dried the diamond so well that today it was announced that the postponed game between the Boston and Brooklyn National League clubs will be called at 3 p. m. Great preparations have been made for the opening of the season. Mayor Fitzgerald will pitch the first ball, and the game will be preceded by a street parade. President Harry Pulliam, of the National League, is here to see the contest.

Miss Smith Taken Back to Boston.

New Bedford, Mass., April 12—Friends of Miss Annie Smith, the Montreal heriess, who disappeared Wednesday from a private sanitarium in Boston, arrived here at midnight and today took her back to Boston. For two years the woman has been suffering from nervous trouble and had to be kept under constant watch.

Church Consolidation.

New York, April 12.—The Pentecostal Association, now in its 12th annual meeting in Brooklyn, has consolidated with the Nazarines. The new body will be known as the Pentecostal Church of the Nazarene, and its first conference will be held at Chicago, in 1908. George M. Morris, of Putnam, Conn., has donated to the association the church he built at Putnam.

New York Stock Market.

New York, April 12.—Many large selling orders were put in the market at the opening and were followed by others as soon as they were executed. This caused a heavy tone and forced declines of 1 to 2 points in nearly all the active issues. The room was full of gossip about H. H. Rogers advising his friends to keep out of the market and of talk about the advance in wheat. After the first hour the market ruled dull but firm, with the selling apparently exhausted for the time.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Cedell, Earl Shamburg, has not yet forgotten a hard time he encountered. He also denounced in most bitter terms of the persons responsible for the present attack on the company. He intimated that if the grand jury wanted him he would be on hand and ready to face any charges that might be brought against him or his company. Attorneys representing the United Railroads Company have begun steps to prevent the annulment of the privileges granted the company. The grand jury is still at work.

House Dynamited.

New York, April 12.—After a temporary lull in the Black Hand outrages the organized band of blackmailers got in their work today when they set off a bomb on the front balcony of the home of Albino Disso a prosperous Italian who keeps a little pool room in the down town Italian quarter. The front of the house was almost demolished, every window in the house being shattered and a panic was started in the neighborhood.

A riot was imminent for the neighbors hearing the explosion knew what had happened and came forth with their revolvers determined to use them upon some one, the police reserves, however, restored order. Disso and his family, for whom the bomb was intended, were not injured, as they were in the rear of the house. The Italian has been receiving threatening letters of late and thought the Camorra was only bluffing.

Endeavoring to Save Baby's Life.

New York, April 12.—Doctors and nurses at Bellevue Hospital are fighting today to give every chance of life to a lusty baby girl born in the hospital last night ten minutes after her mother had died. The physicians believe there is a good chance for the infant to live. The child was brought into the world by an operation after the mother had died as the result of another operation It was a great surprise to the surgeons to find how much life there was in the infant. Mrs. Mary McKenzie, the mother, had been in the hospital since March 12. It was decided that only an operation could save her life, but it failed. Knowing the child's life might depend on seconds, the surgeon worked with the greatest haste. Ten minutes after the mother's death the girl was crying in a nurse's arms and was quickly hurried to the incubator ward.

Kicks Wife at Whist.

Worcester, Mass., April 12.—Chief Justice Aiken, in the divorce court here yesterday, granted a decree to Velaria L. Huckins, of Oxford, from Lyman Huckins for cruelty and abusive treatment. Mrs. Huckins testified that she and her husband had lived very happily together for twenty-five years, and that at a whist game, just because she dropped a card, her husband kicked her. Constable A. J. Moon said he was a player at the same game and saw the kick, which was a vicious one. A son of the pair corroborated his mother's testimony. The decree was then ordered.

Baseball.

Boston, April 12.—The sun which appeared yesterday for the first time in four days had dried the diamond so well that today it was announced that the postponed game between the Boston and Brooklyn National League clubs will be called at 3 p. m. Great preparations have been made for the opening of the season. Mayor Fitzgerald will pitch the first ball, and the game will be preceded by a street parade. President Harry Pulliam, of the National League, is here to see the contest.

Miss Smith Taken Back to Boston.

New Bedford, Mass., April 12—Friends of Miss Annie Smith, the Montreal heriess, who disappeared Wednesday from a private sanitarium in Boston, arrived here at midnight and today took her back to Boston. Miss Smith, whose father is reported to be worth $3,000,000, was found yesterday afternoon at Bayview and brought to this city. For two years the woman has been suffering from nervous trouble and had to be kept under constant watch.

Church Consolidation.

New York, April 12.—The Pentecostal Association, now in its 12th annual meeting in Brooklyn, has consolidated with the Nazarines. The new body will be known as the Pentecostal Church of the Nazarene, and its first conference will be held at Chicago, in 1908. George M. Morris, of Putnam, Conn., has donated to the association the church he built at Putnam.

New York Stock Market.

New York, April 12.—Many large selling orders were put in the market at the opening and were followed by others as soon as they were executed. This caused a heavy tone and forced declines of 1 to 2 points in nearly all the active issues. The room was full of gossip about H. H. Rogers advising his friends to keep out of the market and of talk about the advance in wheat. After the first hour the market ruled dull but firm, with the selling apparently exhausted for the time.

Hard Times in Kansas.

The old days of grasshoppers and drouth are almost forgotten in the prosperous Kansas of today; although a citizen of Cedell, Earl Shamburg, has not yet forgotten a hard time he encountered. He says: "I was worn out and discouraged by coughing night and day, and could find no relief till I tried Dr. King's New Discovery. It took less than one bottle to completely cure me." The safest and most reliable cough and cold cure and lung and throat healer ever discovered. Guaranteed at E. S. Leadbeater & Son's drug store. 50c and $1.00. Trial bottle free.

Scotch Sailor Shot.

Philadelphia, April 12.—With two bullet wounds in his head and another in his leg, received when he went into the hallway of a lodging house at 269 south Second street, late last night, John Daniel McPherson, a Scotch sailor, went back to his bed and slumbered as unconcernedly as though he had not been hurt. He went to the Third and Delancey streets police station this morning and reported the matter. He wanted to walk to the Pennsylvania hospital to have his wounds treated but the police took him there in a patrol wagon. As soon as he reached the hospital he collapsed and did not recover consciousness for an hour. His case is a puzzle alike to the police and the physicians at the hospital. The first are at loss to locate his assailant. The physicians are surprised that his physique would allow him to withstand the shock and loss of blood for so long a time.

Made a Book on Thaw's Jury.

Lexington, Ky., April 12.—Much interest was displayed here yesterday in the result of the Thaw case, the newspaper offices being as closely besieged by inquirers as if a presidential election were pending.

While knos of men were gathered at nearly every corner discussing the probalities of the verdict, an enterprising sporting man made a book on the action of the jury, and this morning quoted the following:

"Guilty, 5 to 1; not guilty, even money; hung jury, 1 to 2." This afternoon, when the bulletins showed that the jury had asked to see certain exhibits and testimony deemed favorable to the prisoner, the odds quoted were as follows: "Guilty, 7 to 1; not guilty, 1 to 2; disagreement, even."

Will Oppose Appointment of Receiver.

Philadelphia, April 12.—Officials of the Lincoln Savings and Trust Company, which was closed by the State Banking Commissioner on Wednesday, will vigorously combat the proceedings instituted in the Dauphin county court by Attorney General Todd, to have a permanent receiver appointed for the institution. The directors declare there is absolutely no reason for the bank's closing and they will employ counsel to contest the appointment of a receiver.

Joseph S. Riley, the bank examiner who is temporary receiver for the trust company, was unable to complete the work of going over the company's assets yesterday, but he will finish today. He will not make public his report but will send it to the banking commissioner.

Famine in Shanghai.

Shanghai, April 12.—Famine conditions grow in severity. Americans have received almost $4,000,000 for famine relief and the contributions from other countries are large. Thousands are working on the canals to prevent further flood damages. Ten million persons are suffering from a lack of food and facing starvation.

Cannibalism is reported. Newly made graves have been rifled of the bodies and parents are selling their children to be eaten. The situation is desperate and Americans are urged to give $8,000,000 in the next three weeks not for Christian but for humanitarian work.

Dr. Haugh to be Electrocuted.

Columbus, O., April 12.—Dr. Oliver C. Haugh, the Dayton multi-murderer, must die in the death chair next Friday. Governor Harris granted a stay a week ago to allow Haugh's attorneys to appeal to the State board of pardons for a commutation of the death sentence to life imprisonment. The board today refused to interfere. This seals Haugh's fate unless Gov. Harris interferes, which is improbable.

Local Matters.

Sun and Tide Table.

Sun rises tomorrow at 5:27 a. m. and sets at 6:36 p. m. High water at 8:22 a. m. and 8:51 p. m.

Weather Probabilities.

For this section rain tonight and possibly Saturday; colder Saturday; fresh southerly, shifting to westerly winds.

The Fishing Season.

Hopes entertained that the fishing season of 1907 would be an improvement upon those of several years past are as yet far from realization. The recent unfavorable weather is urged as a reason for the meagre receipts and high prices, although some believe the present season, even under auspicious circumstances, would not have caused any material increase in the animation noticeable at Fishtown during previous years. In fact the fishing business is undergoing a transition, and the bulk of the fish caught are cut and "struck" on the shores. About 100,000 salted herring arrived at Fishtown yesterday, but there were no receipts of fresh fish. The Baltimore steamers also land many herring in barrels. Roe shad were selling at from 65 to 75 cents and buck at 35a40 in market this morning, and herring at 20 cents a dozen. Small white perch brought 10a12½ cents a pound. Roe shad sell at $50a60 per hundred, buck at $25a28, and herring at $8 per thousand.

The New Ferry Steamer.

The ferry steamer Lackawanna, which is to take the place of the steamer Woodbury on the Alexandria and Washington ferry route, is expected to arrive here on the 16th instant. A description of the Lackawanna has been published in the Gazette. She is 28 feet longer than the Woodbury and Callahan, but, it is said, has no saloon, but has ample accomodations for the route in big cabins on each side of the main deck. It is probable that the Lackawauna will remain on the Potomac, as it is generally understood the steamers Woodbury and Callahan, which are to be taken to Norfolk and used as ferryboats during the Jamestown exposition, will not return to this city, but at the close of the exposition will be taken to New York for service on one of the ferry routes about that city.

Chamber of Commerce.

The regular monthly meeting of the Alexandria Chamber of Commerce was held at their rooms, southeast corner of King and Washington streets, last night. President W. A. Smoot, jr., presided, with Mr. J. T. Preston, secretary.

Several committees submitted reports on matters which had been referred to them, and there was an interchange of opinion concerning transportation rates, but no definite action was taken.

A resolution was adopted indorsing the plan proposed by Mr. A. J. Wedderburn for the preparation of publications descriptive of Alexandria for the purpose of having this city represented at the Jamestown Exposition. The association determined to subscribe for 1,000 copies of the publication.

Police Court.

[Justice H. S. Caton presiding.]

There were three cases before the Police Court this morning. A white man who had been arrested on the chronic charge of drunken and disorderly conduct, was fined $5; another who had been cited to appear charged with leaving a nuisance on property formerly occupied by him was dismissed with the understanding that he would abate the same, and another man who was charged with disposing of brass belonging to the Southern Railway Company had his case continued.

Wharf Owners Fined.

The trial of the indictments brought at the March term of the Circuit Court of King George county against Major R. W. Hunter and Mr. B. C. Grymes, for not keeping sufficient accomodations at their respective wharves on the Potomac river as the law directs, came off at Hampstead, April 6th, before Justices B. F. Price and J. W. Harris. The gentlemen were fined $5 each. Mr. B. C. Grymes paid the fine and Major Hunter took an appeal to the Circuit Court.

Last Night's Social.

The measurement social given by the "Whatsoever Society" of the Second Presbyterian Church at the manse, No. 619 south St. Asaph street, last night, was a success in every particular. The attendance was large and an evening of social enjoyment was experienced by all present. Vocal and instrumental music were features of the evening, and refreshments were served. The proceeds, which will be devoted to the new Sunday school building fund, exceeded expectations.

The Provident Life and Trust Company.

Attention is directed to an advertisement of the Provident Life and Trust Company of Philadelphia elsewhere in the Gazette. The company desires to secure a practical and well-qualified man to represent it in Alexandria. The Provident Company is an "old-line" institution of this country and those having business with it are assured satisfaction.

The Mayoralty.

Although the election for Mayor of the city does not come off till June, 1908—a year and two months off—already the names of several gentlemen have been mentioned in connection with the position. Among them are Mayor Paff, Former Mayor G. L. Simpson and Councilmen C. B. Marshall and Julian Y. Williams. It is said that before the election other names will be presented.

Burning of a Gasoline Scow.

A gasoline motor scow caught fire and was practically destroyed a short distance above Shepherd's about 5 o'clock, this morning. The cause of the fire is unknown. The scow had been engaged in transporting wood, &c., on the Potomac for sometime, and often landed cargoes at this port.

Rammel's Restaurant.

Attention is called to the advertisement of Rammel's Restaurant. A specialty is made of deviled crabs and steamed hard shell crabs; also Little Neck clams and clams in all styles. Deviled crabs are served in a very tempting manner and are made of home picked crab meat.

A Remembrance of Other Days.

Former Chief of Police J. F. Webster has been the recipient of many congratulations today upon his entrance upon the eighth decade of his life. Among the tributes he received was a handsome bouquet put together by the hands of a life-long lady friend whose society he enjoyed when at the threshold of manhood. The token brought to mind reminiscences of by-gone years, recollections which remain green long after the sere and yellow leaf reminds one of the fact that Cupid has other targets for his arrows.

Death of Mr. Timothy Sweeney.

Intelligence was received this morning of the death at his home near Upperville last night of Mr. Timothy Sweeney, father of Capt. W. H. Sweeney, of this city. Mr. Sweeney was born in county Kerry, Ireland, 79 years ago, but came to this country in 1858. He subsequently moved to Fauquier county, where he engaged in farming, in which he was quite successful. Captain Sweeney left this city to attend the funeral. He has the sympathy of a large circle of friends in his bereavement.

W. C. T. U.

The meeting under the auspices of the W. C. T. U. in the Baptist Church last night for the benefit of the Children's Home was a success in every respect. The address of Mrs. A. C. Weech, "Christ Before Pilate," was uplifting and inspiring and much enjoyed by every one present. She was followed by Mrs. Kate Waller Barrett in a strong and practical talk in behalf of the home. Quite a liberal collection was had. The opening prayer was delivered by Rev. C. D. Bulla and that at the close by Rev. Edgar Carpenter.

Trinity Church.

Rev. J. A. Jeffers, formerly pastor of Trinity M. E. Church in this city, left this afternoon with his family for Baltimore. A number of members of his church as well as other Alexandrians tendered him an affectionate farewell before he left.

Mr. Samuel Stokeley today received a letter from Rev. W. W. Van Arsdale, recently appointed pastor of Trinity M. E. Church, stating that he would arrive here about Saturday and will occupy the pulpit of Trinity Church on Sunday, morning and night.

Death of Mrs. Falls.

Mrs. Charlotte Falls, wife of Mr. R. W. Falls and daughter of the late John T. Armstrong, of this city, died in Sibley Hospital, Washington, at 5 o'clock this morning. The deceased had been critically ill for some time. The remains will be brought to this city, and the funeral will take place from the residence of her sister, Miss Louisa Armstrong, on Prince street.

Funeral.

The funeral of the late Mrs. Cora P. Carroll, wife of Wm. Carroll and daughter of Mr. J. T. and the late Lizzie J. Herbert, who died at Anacostia, D. C., on Wednesday, took place this afternoon from Mr. B. Wheatley's undertaking establishment and was attended by relatives and friends of the deceased. The interment was made in the M. E. Church cemetery.

Alexandria-Washington Lodge.

At a meeting of Alexandria-Washington Lodge of Masons held last night it was decided, beginning on May 1st, to keep the lodge room open daily from 9 a. m. till 4 p. m. to accomodate the many strangers who visit Alexandria and who wish to see the lodge rooms and the relics therein. A member of the lodge will be in charge during the entire day.

Political.

Delegations from Stafford and King George counties were in this city today and called on Mr. C. C. Carlin, and assured him that he would carry those counties in the democratic congressional primary to be held next June.

McLearen says that the Nationals look good to him, and he expects them to land third place." [Some other Alexandrians, equally as enthusiastic as Mr. McLearen, were conspicuous by their absence.]

Victory for the Government.

Chicago, April 12.—A sweeping victory was gained by the federal government today in its prosecution directed against the Standard Oil Company, when Judge Landis refused to quash the indictment drawn against the trust or take the case from the jury. The decision means that the case will go to the jury on its merits, and that the twelve men will have the final say as to the guilt or innocence of the oil trust. The pleas were made after a long conference between the Standard Oil lawyers. Miller argued the points.

Duel on the Tapis.

Mutual friends are trying to prevent a duel between Judge H. D. D. Twiggs, of Savannah, Ga., and John T. Moore, of Claxton. Both are lawyers and Moore is mayor of Claxton. Judge Twiggs has already challenged Moore to a duel, the message having been carried by Col. Dixon, a member of Gov. Terrell's staff. Judge Twiggs and Moore were opposing counsel Monday in a case, and Twiggs won. After court adjourned they became involved in a heated argument. Twiggs called Moore a liar; Moore struck the judge in the face several times, causing ugly bruises. Judge Twiggs is very old, and has always been an advocate of the code duello. Accordingly, he sent a challenge to Moore, stating that the field of honor is the place where they could meet on equal terms. Twiggs says if Moore refuses to fight the latter will be placarded over the State as a coward.

Strikers Returning to Work.

There was a regular stampede among the strikers returning to work at the local yards of the American Shipbuilding Company, at Lorain, Ohio, yesterday. Every joiner who has been out went back and that department is running with a full force. The blacksmith department is also operating with nearly its full quota. The carpenters' shop is also running nearly to its capacity. Strikebreakers have arrived from Philadelphia. These men are all skilled riveters, who brought with them their entire crews of heaters, holders-on and bolters-up. The iron shipbuilders are still out to a man. The promised $160,000 relief fund has not yet come, according to members of the Shipbuilders' Union.

The News—No Pure Drug Cough Cure Laws would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure is—and has been for 20 years. The National Law now requires that if any poison enter into a cough mixture, it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by E. S. Leadbeater & Sons, druggists.

FOR OVER SIXTY YEARS,

AN OLD AND WELL-TRIED REMEDY.—Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain; cures wind colic and is the best remedy for Diarrhœa. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup and take no other kind.

Guaranteed under the food and drugs act, June 30th, 1906. Serial number 1098.
